**FISCAL IMPACT STATEMENT**

**LS 6020**

**BILL NUMBER:** HB 1047

**NOTE PREPARED:** Feb 26, 2003

**BILL AMENDED:** Feb 20, 2003

**SUBJECT:** Small Claims Court Jurisdiction.

**FIRST AUTHOR:** Rep. Ulmer

**FIRST SPONSOR:** Sen. Long

**BILL STATUS:** As Passed - House

**FUNDS AFFECTED:** X **GENERAL**  
**DEDICATED**  
**FEDERAL**

**IMPACT:** State & Local

**Summary of Legislation:** (Amended) This bill increases the jurisdictional limit for small claims courts in Allen and Marion Counties from \$6,000 to \$10,000. It also increases the jurisdictional limit for the dockets in all other small claims courts from \$3,000 to \$6,000.

**Effective Date:** July 1, 2003.

**Explanation of State Expenditures:**

**Explanation of State Revenues:** (Revised) *Marion County:* This provision would likely reduce the revenue that the state General Fund receives from court fees if litigants file certain civil cases in Marion County small claims courts instead of in Marion County's courts of record.

Currently, litigants file actions to collect debts of more than \$6,000 as civil plenary actions. The filing fee for these cases is \$100. Of this fee, 70%, or \$70, is deposited in the state General Fund if litigants file these cases in a trial court. If these cases where the amount in controversy are more than \$6,000 are filed in Marion County Small Claims Court, the State General Fund would receive no revenue from these cases. Consequently, the workload and the revenue associated with this workload would be shifted to the Marion County Small Claims Courts.

*Allen County:* Allen County's small claims jurisdiction limit is currently \$6,000. Increasing this limit to \$10,000 will allow more litigants to file claims in small claims courts.

*All Other Counties:* The current small claims limit in all other counties is \$3,000. Increasing this limit to

\$6,000 will allow more litigants to file cases in small claims dockets rather than as civil plenary cases.

**Revenue Loss:** The fee for a civil plenary case is \$100, of which \$70 is deposited into the state General Fund. The fee for a small claims case is \$35, of which \$24.50 is deposited in the state General Fund. Consequently, the state General Fund would receive \$45.50 less for each case that is filed as a small claims rather than as a civil plenary case. The number of civil plenary cases with claims between \$3,000 and \$10,000 is not known, consequently the potential revenue loss is indeterminable.

**Explanation of Local Expenditures:** (Revised) **Marion County:** The change in the threshold to \$10,000 for small claims actions will increase the caseload of the Marion County township small claims courts. There are nine townships in Marion County. The small claims court system in Marion County consists of nine divisions based on the township lines. The expenses of the small claims courts in Marion County are paid by each division's respective townships through budget appropriations. This shift will also decrease the number of filings in Marion County's courts of record, potentially reducing the workload of the courts.

**Allen County and All Other Counties:** Small claims divisions have very high volume and require considerable staff resources, particularly since the litigants often are not represented by attorneys and do not understand court procedures. Consequently, many courts have several staff people assigned to help litigants with filing claims, giving directions, and answering telephone calls. If the small claims caseload increases, courts with small claims jurisdictions may need to either increase staff or reassign staff from other court functions to accommodate the increased number of litigants.

**Explanation of Local Revenues:** **Marion County:** This provision would reduce revenue to the county general fund in Marion County and increase the fee revenue that would be deposited in the Marion County small claims courts. Currently, civil cases for amounts between \$6,000 and \$10,000 are filed in Marion County courts of record as civil plenary actions. The filing fee is \$100. The county general fund receives \$27, or 27%, of the filing fee. The other \$3, or 3%, is deposited in the general fund of the cities and towns maintaining a law enforcement agency that prosecutes at least 50% of its ordinance violations in a circuit, superior, county, or municipal court located in the county. If these cases are instead filed in the Marion County small claims court, the county general fund would receive no filing fee.

As revenue deposited into the county general fund would likely decline, the revenue deposited into the township would increase. The filing fee in the Marion County small claims courts is \$50.50. All of the \$50.50 small claims filing fee is deposited into the township general funds or paid to elected constables and their deputies. No portion of the \$50.50 small claims filing fee is deposited into the state or county general funds.

In CY 2001, a total of 75,023 small claims actions were filed in the Marion County small claims courts, and a total of 15,339 civil plenary actions were filed in the Marion County courts of record. No information is available regarding the number of cases for amounts between \$6,000 and \$10,000.

**Allen County and All Other Counties:** In all other counties combined, a total of 230,753 small claims actions were filed in courts of record with small claims jurisdiction in 2001. A total of 75,882 civil plenary actions were filed in courts of record outside of Marion County in 2001. No information is available regarding the number of cases for amounts between \$3,000 and \$10,000.

**State Agencies Affected:**

**Local Agencies Affected:** Marion County & Allen County small claims courts; all other courts of record with small claims jurisdiction.
